

A.M.I.® Soft Basket Band

Product Group Morbid Obesity | Issue 02/2008

> Improves patient compliance without sacrificing results

- Significantly reduces post-operative vomiting while ensuring successful weight loss
- Prevents pouch dilation and band slipping
 - Combines proven A.M.I. Soft Gastric Band technology with a soft, elastic basket

A.M.I.® Soft Basket Band

The A.M.I. Soft Basket Band combines the proven, low-pressure technology featured in the A.M.I. Soft Gastric Band Premium with a soft, elastic basket.

This basket:

- allows better control of eating habits and therefore better weight loss
- considerably reduces post-operative vomiting
- prevents pouch dilation
- reduces the risk of migration
- minimises band slipping
